

Wedding Product Price List

Professional Prints

All your prints are professionally retouched, edited, and corrected before they are printed by our professional photo lab on Kodak's Endura professional photo paper. The quality of preparation and printing ensures a lifelong enjoyment of your keepsake photographs.

Individual orders over \$250 receive a 25% discount (canvas gallery wraps excluded).

Wedding Albums & Design

It's not your parents' wedding album anymore (thankfully!).

Digital photography and design has taken wedding albums to a completely new level. Wedding albums have become professional print publications instead of cookie-cutter mattes with 4x5 prints slid into position (like my wedding album). If you can dream it, we can probably do it.

All albums are custom-designed and tailored to your specific needs and wants. Prices for albums range from \$500 to \$1000+ depending on the type of album and design. Contact us for more information. We use Zook Book albums from Zookbinders.

Zook Book Album

Your wedding images will look amazing in a Zook Book with panorama styling. Your photos are mounted and bound with a tiny 1/16" gap in the center, for a seamless presentation with no visible hinge and pages that lie flat. Place panoramas on every page or create facing pages that complement each other.

Zook Books are available in a wide variety of sizes, cover colors, and leathers.

More information is available at www.ZookBinders.com.

Please contact us for album pricing.

We also offer **Flush Mount Panorama** albums from Miller's Professional Imaging. These albums are virtually the same as the Zook Book in design, but offer a slightly more affordable option without sacrificing quality.

Prices effective for 6 months from wedding date.
